

CITY OF SANTA BARBARA

COUNCIL AGENDA REPORT

AGENDA DATE: March 18, 2008
TO: Mayor and Councilmembers
FROM: City Administrator's Office
SUBJECT: Adoption of City Of Santa Barbara 2008 Legislative Platform

RECOMMENDATION: That Council:

- A. Adopt the proposed City of Santa Barbara 2008 Legislative Platform; and
- B. Authorize the Mayor, her designee in her absence, and staff, acting on behalf of the City of Santa Barbara, to contact state and federal representatives and send letters to advocate positions consistent with the goals of the City's Legislative Platform.

DISCUSSION:

The City's Legislative Platform outlines the City's position on policy and legislative matters. It serves as the foundation for the City to state its support, neutral or oppose position on State and Federal legislative actions.

This year the Committee on Legislation dedicated two meetings to review and discuss proposed updates to the Legislative Platform. On March 5, 2008, at the committee's second meeting, the Committee on Legislation reviewed and approved an updated Legislative Platform for 2008. Attached is the updated platform recommended for adoption by the City Council.

Changes to the platform fell under three principal categories:

- Added statements to cover new Council initiatives or increased emphasis on certain topics – for example, sustainability and environmental quality (pages 5, 8, 9 and 19)
- Deleted obsolete sections – for example: deleted references to supporting amendment to a section of the California Code under public safety/fire because the matter is no longer current (page 2)

REVIEWED BY: _____ Finance _____ Attorney _____ Name of Additional Department(s) That Need to Review CAR

Agenda Item No. _____

- General clarification and corrections – for example: where applicable, added references to federal and state funding for children and youth initiatives (pages 23 and 24)
- General text corrections

Final format changes will be made, and a table of contents will be added when the Legislative Platform is finalized. The Legislative Platform will also be added to our website for the public to access.

On March 5, 2008, the Committee also recommended that the City Council consider supporting legislation that would allow cities to regulate the sale of beer and wine products in City Council-designated alcohol import areas. As part of this recommendation, staff was requested to provide the City Council with initial information regarding comparable programs and definition of impact zones in other cities. Staff will return to the City Council at a later date to address this matter.

Legislative Platform

The platform has been updated to incorporate legislative policy positions adopted by Council over time. The proposed Legislative Platform is structured under the following issue areas:

- Revenue and Taxation
- Public Safety
- Transportation, Communications and Public Works
- Environmental Quality
- Housing, Community and Economic Development
- Airport
- Waterfront
- Community Services
- Employee Relations
- City Administration

The platform outlines legislative issues of interest to the City. In cases where a matter is not addressed in the platform, staff will return to the Committee on Legislation/City Council for final direction as may be necessary.

Guidelines for Advocacy

We will continue to use previously established guidelines for legislative advocacy. The guidelines are designed to produce timely and effective communication with legislators. Advocacy efforts will generally occur in one or more of the following ways:

1. Advocacy Letters

- The platform is organized by topic with a lead department assigned to each topic. With coordination from the City Administrator's Office, designated departments are responsible for handling the process for taking positions on legislation as assigned.
- Upon referral from the Mayor and Council, City Administrator's Office, League of California Cities or other sources, designated department staff will compare legislative proposals against the City's Legislative Platform. If the proposed bill raises legal issues, department staff will consult with the City Attorney's Office.
- If the matter is covered in our legislative platform and correspondence is determined to be appropriate, a letter will be drafted and forwarded electronically to the City Administrator's Office and the Mayor's Office for review and action. In cases where proposed legislation is not addressed in the platform, staff will return to the City Council for final direction as may be necessary.
- As necessary, the Mayor and/or staff will contact legislators, or their staff, via telephone, e-mail or in person to reinforce the City's position or to provide additional information.

2. Committee on Legislation

- During the legislative session, Staff may consult with and enlist the Council's Committee on Legislation and/or the Mayor if efforts beyond the standard position letter are required. The Mayor and Committee on Legislation may undertake direct contact with legislators or recommend to the City Council that more extensive actions be taken. The Mayor and Committee members may also communicate with other parties who may have an interest in proposed bills.
- The Committee on Legislation has scheduled meetings on the fourth Monday of every month but will meet only as necessary. Technical support for the Committee on Legislation is provided by the Director of Administrative Services and the City Attorney.

3. Meetings with State and Federal Representatives, legislative advocates and coordination with others

- Recently the Committee on Legislation held a Special Council meeting that featured Del Smith, a legislative advocate who represents the City in Washington, DC. Mr. Smith provided an update on priority projects and the challenges and opportunities at the Federal level.

- On various occasions, Dave Mullinax, Regional Public Affairs Manager with the League of California Cities Channel Counties Division has appeared before the Committee on Legislation to update the City on State legislation and issues.
- City staff and staff and elected officials from the cities of Goleta and Carpinteria routinely attend the meetings of the Committee on Legislation when there are issues that interest or impact their cities. We're pleased to have the south coast cities at our meetings and to share our Legislative Platform with them.
- As part of the legislative action process, the Committee on Legislation may invite members of our State Assembly, State Senate and Congress, or legislative advocates, to committee meetings to discuss legislative positions and interests. The Mayor and Councilmembers will be invited when such meetings are scheduled; City Staff will participate as appropriate.

NOTE: The City of Santa Barbara 2008 Legislative Platform is available for public review online and in the Office of the City Clerk

The housing element should be prepared for the benefit of local governments and should have equal status with the other elements of the general plan.</p> <p>The projections of regional and local growth and the allocations of housing units should account for state and local planning factors and should be subject to a formal hearing and appeal process to ensure that they are realistic. Cities should be allowed to work together to allocate housing units among themselves within a sub-region. Politically accountable officials at the state and regional levels should hear appeals.</p> <p>Local government efforts should be subject to realistic performance standards not to arbitrary state agency review of the housing element. Local government housing efforts should be rewarded by incentives. These incentives should include streamlining by not being subject to HCD review, priority ranking for discretionary funds, and new discretionary funds available for general fund purposes.</p> <p>Support and encourage legislation that implements comprehensive reforms to the housing element process to:</p> <ul style="list-style-type: none"> • Address conflicts between local growth projections and state regional housing need numbers; • Resolve the problems associated with the distribution of RHNA units within a council of governments; • Achieve improvements to the housing element review process; and • Develop a neutral dispute resolution process and fair enforcement alternatives to deal with disputes over questions of compliance. <p>Support and encourage legislation that requires state laws and policies, which affect housing and land use, to be internally consistent.</p>

Support maintaining city discretion over the extent to which legislative authority should be exercised to fully mitigate impacts from development to the adequacy of school facilities. Support the maintenance of cities' ability to condition and deny projects that they determine inadequately mitigate impacts to community schools.
ANNEXATION AND INCORPORATION	Community Development	Support strengthening city control over urban boundaries. Sphere of Influence law should be modified to limit urban development in unincorporated areas of a county and to facilitate the annexation of urban areas to cities. The Revenue and Taxation Code should not allow counties to block annexations in exchange for unreasonable property tax sharing agreements. In addition, cities should have expanded authority over adjacent lands outside their sphere of influence regardless of jurisdictional lines so long as the land is not within another city's sphere.
DEVELOPMENT AGREEMENTS	Community Development	Support voluntary development agreements as one tool for providing flexibility in development approvals.
BUILDING STANDARDS <ul style="list-style-type: none"> • Health and safety • Occupancy 	Community Development	Support flexibility in the adoption and implementation of health and safety standards contained in the building codes.
